THE PRINCE ALBERT TIMES

WEDNESDAY, MARCH 21, 1883.

TOWN NEWS.

G. & G. Carter have received another addition to their already large stock of household furniture.

Sandy Lang has contracted for the burning of 400 bushels of charcoal for Moore & Macdonald.

We are pleased to see that Mr. W. R. Gunn, barrister, has arrived back home, looking nothing the worse of his trip east.

A large amount of stone is being hauled from the river and deposited on the high banks, to be used for building purposes during the coming season.

We understand that a new tinmith shop will shortly be opened here. We are glad to hear this, as there will be plenty of room for the line of industry next season.

We have at last received a supply of stationery, and are now prepared to attend to the wants of merchants and other business men in need of cards, bill heads, &c., &c.

We learn through a private letter from Col. Richardson to a gentleman in this town, that there is a fair prospect of the land patents shortly being issued, but the chances of a weekly are as yet remote.

We hope that the committee who have the handling of the formation of a brass band are attending to their duties, and that they will not let it fall through. Now that the election excitement is about over, they should bring on their second concert.

We received by this mail a copy of the News of Pickering, Ont. It is a double daily paper, and contains a large amount of news, both local and foreign. Politics independent. L. S. Ackerman, formerly engaged on the Toronto Evening Telegram, is the energetic proprietor. We wish him every success.

We welcome among our exchanges the Regina, N. W. T., Leader, a first class weekly newspaper, devoted to this country. It is conservative in politics, and edited by Nicholas Flood Davin, the well known writer and politician. It will prove a valuable addition to the ranks of journalists in the North West.

There is to be a grand mass meeting of the electors of this district held on Tuesday, the 27th inst., at 1:30 p.m., in Bishop and Curran hall. It is expected there will be a large gathering, as it is likely to be the last meeting for the present. All the writs are issued for the election. Mr. Foster and his friends are to be invited.

An epidemic of a typhoid character seems to be very prevalent in the Settlement at present, and a number of cases have been reported. Mr. Jackson and Mr. W. J. Bishop have both been very low but are now recovering. Rev. Canon Field continues to improve. Mr. J. M. Lee and Mrs. Mackenzie are also confined to the house, as is Mr. Robert Burns.

Freighters are arriving daily with large quantities of freight for this town, and we are now well supplied with stock of all kinds. In fact never before has there been such a large amount of goods in town as at present. A large train of over twenty sleds passed down yesterday with an outfit for Moore & Macdonald. Some of the freighters report that there is considerable water on the ice at the crossing.

ROYAL
BAKING POWDER
ABSOLUTELY PURE

This Powder never varies. A marvel of purity, strength and wholesomeness. More economical than the ordinary kinds, and cannot be sold in competition with the adulterated. It is the only pure Baking Powder. Sold every where. Royal Baking Powder Co., Ltd., 100, Wall St., N.Y.

We clip the following from the Winnipeg weekly Free Press of March the 20th. At Ottawa, on March 19th, Mr. Blake, moved for the correspondence and memorials from the inhabitants of Prince Albert respecting the lands they occupy. He severely condemned the Government's delay in granting settlers in the North West patents to their lands. He drew attention to the hardships and inconvenience resulting from delay. Sir John Macdonald said it was impossible to survey all settlements made by squatters scattered over the North West. He gave little encouragement that more expedition would be used in granting titles.
